### How to Book:

Tour Conductor (TC) credits are earned after 7 net, new berths are sold across any of the above departures to a maximum of four free berths. Net, new berths are defined as new bookings over and above the number of an agency's deposited guests on eligible sailings as of April 26, 2010. New bookings must be made by June 30, 2010. TC credits must be claimed by August 31, 2010. The TC credit is for the cruise fare and does not include airfares, transfers, land programs, shore excursions, non-commissioned fares, government taxes and fees, insurance premiums or any miscellaneous fees or charges. TC credits are for net, new bookings only and are earned in the category in which the greatest number of qualifying berths has been booked, or in the lowest category booked if categories are equal or not duplicated. Berths booked in categories OW, DS, D1, CS, D2, D3 and D4 earn credits as booked berths but are exempted from TC category calculation. Berths booked for sole occupancy are calculated as one guest for TC credits.

Restrictions: This program is exclusive to single agency office locations. 1-for-7 TC program is not combinable with standard Group Program, Guarantee Rates and Reduced Rates Programs. Other restrictions apply. Call for details.
